

I do not care to receive numerous unwanted calls from telemarketers. I can't tell you how many times the calls come in and there isn't anyone on the other end, or they have their ID's blocked. It is extremely annoying and many of the calls that do still get in, the telemarketers are rude when you tell them you are not interested and to take you off of their lists. I feel the New Jersey "DO NOT CALL" Law is great. I wish the law was even stricter.
